WIKIPEDIA

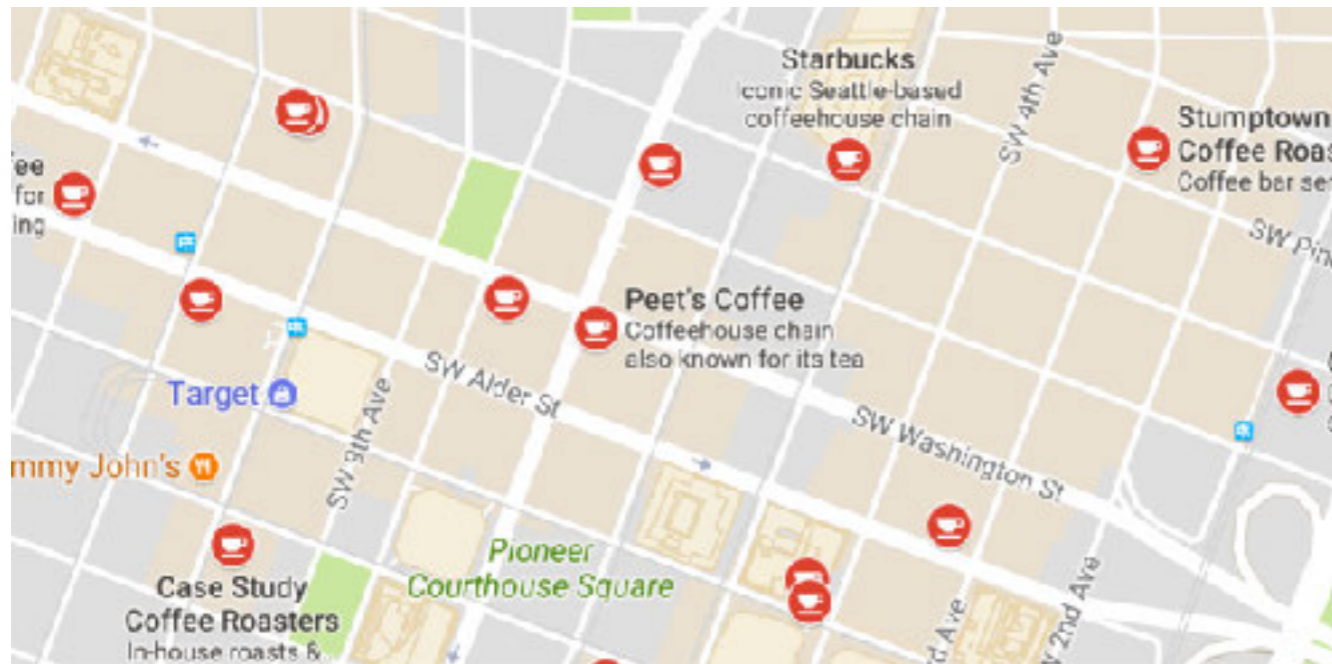

th In 2013, a [Travel + Leisure](#) magazine readers' poll named PDX as the best US airport, based on its on-time record, dining, shopping, and mass transportation into the main parts of the city.^[5] In 2015, 10 new restaurants were opened at PDX, making it a "foodie haven" according to travelers. PDX also got significant recognition for its unique carpet pattern, which was replaced throughout the entire airport with newer carpet that contains a similar design.
