CG Week code of conduct. SoCG is dedicated to providing an environment that is free from harassment, bullying, discrimination, and retaliation for all participants. See

<https://computational-geometry.org/codeofconduct.html>

If an author has a conflict of such nature with a PC member or a potential reviewer, and the author has sufficient grounds to believe that the review would be negatively biased, then the author is asked to contact a PC chair or one of the points of contact of the CG community for the code of conduct listed on the above webpage. Any supporting information will be treated confidentially.
